STOCKPILE ISSUES FERROCHROMIUM AMENDMENT

Fort Belvoir, VA - The Defense National Stockpile Center today announced that Amendment No. 011 to Solicitation of Offers, DLA-FERROCHROMIUM-004, BASIC ORDERING AGREEMENT (BOA) FOR FERROCHROMIUM has been posted to the DNSC web site. This amendment adds two piles to the low carbon ferrochromium shopping list totaling approximately 18,180 short tons (36,359,929 pounds) and also adds 13 lots of drummed low carbon ferrochromium totaling approximately 758 short tons (1,516,266 pounds), all material stored at Voorheesville, NY.

For copies of the amendment which adds material to the shopping list, material analysis, and storage locations please visit our web site: <https://www.dnsc.dla.mil>.

For other inquiries please call Patricia Hill at (703) 767-6031.
